

Petroglyph Tour Preparation

Each individual will need to bring the following items on the petroglyph tour:

- Photo ID
- Proof of citizenship (if a U.S. citizen, but not born in the United States)
- Sunblock
- A hat
- Plenty of water (you will be in the canyon and away from water sources for at least a few hours)
- Sturdy shoes (open-toe shoes are not permitted and may result in a delay or cancellation of the tour)
- Layered clothing if touring in the early spring, late fall or early winter. The shady segments of the canyon can get very chilly during these times of year.

In addition, drivers will need to bring:

- A vehicle in good working order with adequate tires and bottom clearance
- Full tank of gas
